

FIG. 1 (PRIOR ART)

OUTLET 88182260

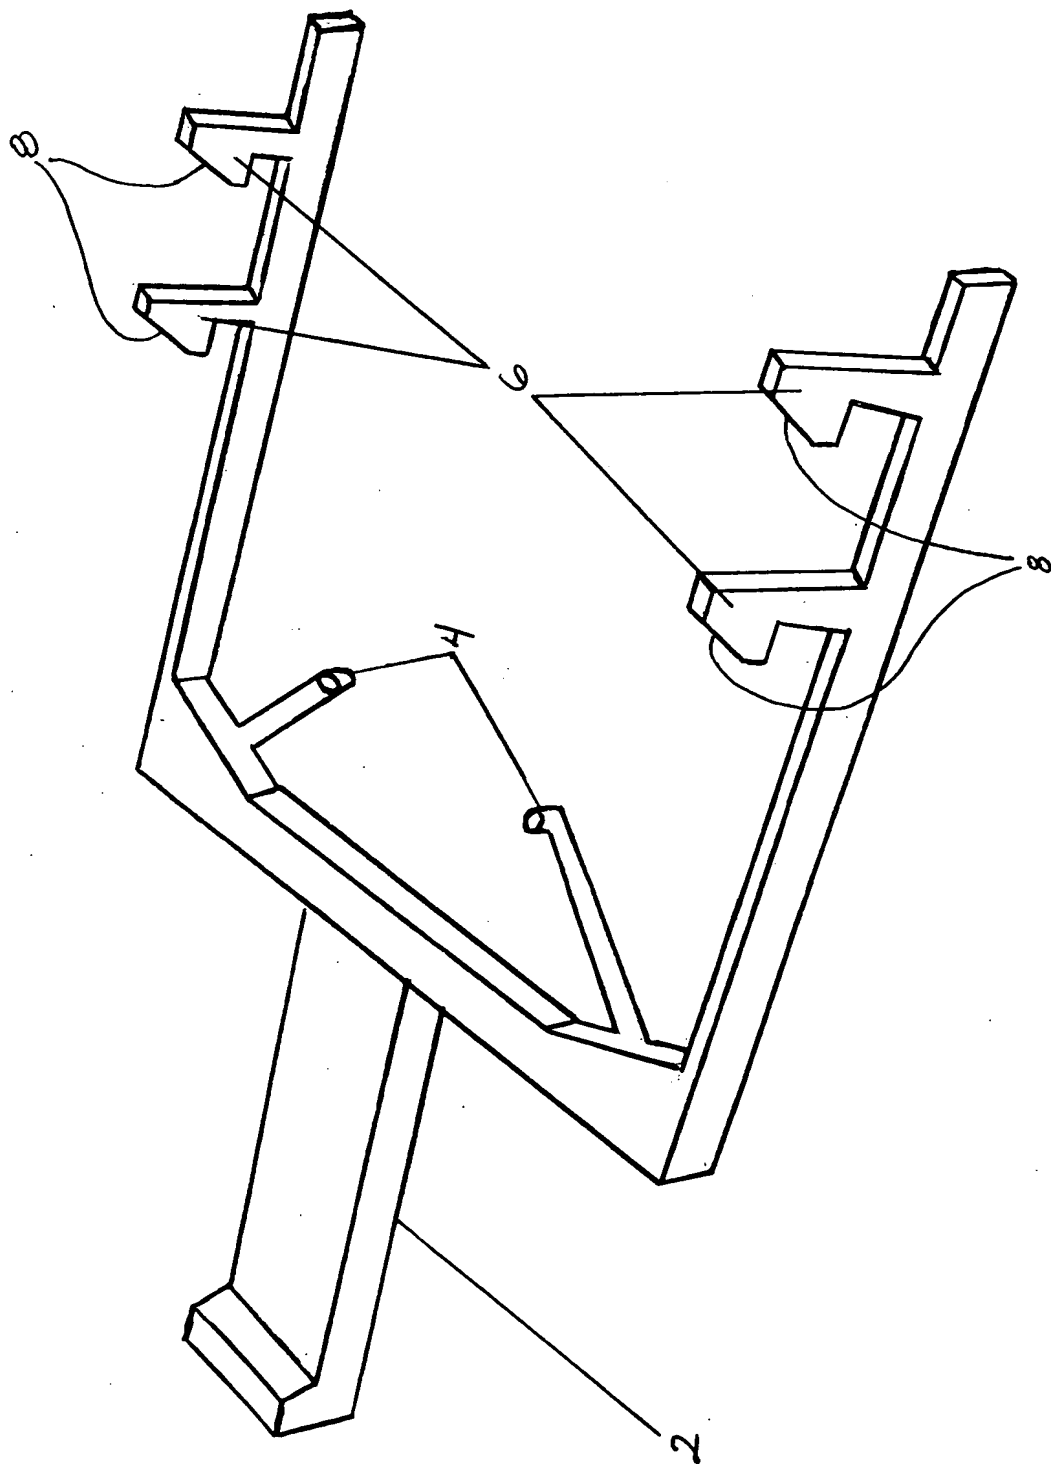

Fig. 1 is a cross-sectional view of a mechanical assembly. It features a central vertical shaft (16) that passes through a base (14) and a support structure (12). The shaft is connected to a horizontal member (20) via a joint (18). This horizontal member is supported by two angled brackets (22) which are attached to a larger structure (30). The entire assembly is housed within a rectangular frame with internal vertical supports and circular components.
